Clutch 2018 RepSet Program

Vapormatic are pleased to announce the introduction of a complete LUK clutch repset range into our portfolio.

Each repset contains clutch assembly, plates and bearings to complete a clutch replacement, first time. The portfolio covers every possible tractor application, with LuK OE quality, comfort and drivability included as standard.

LuK is the leading manufacturer of clutch technology, supplying all major tractor manufacturers worldwide, whilst LuK damping system provide a highly effective system to dampen vibrations.

For a cost effective, long lasting clutch repair solution that will allow you to keep your tractor out in the field for longer – choose tractor clutches from LuK.

Key Points of the Complete LuK RepSet range:

- 482 New RepSet parts introduced including both complete clutch kits and half sets (cover & plate)
- All introductions can be found by searching VPG7
- All RepSets include bearings
- Product details are complete with technical information to help you select the kit you require
- The top 20 fast moving RepSets are all stocked in the UK warehouse (Exeter)
- All kits available direct from LuK on the standard 1 to 2-day carriage (UK only)
