NOCO®

Built with the user experience in mind, NOCO chargers are compact, portable and easy to use. Offering a great range to choose from depending on the need - from a 1000A lithium-ion jump starter pack to Genius professional chargers able to automatically detect damage to batteries and intuitively repair them - completely automatic from start to finish and no technical knowledge required. This system allows for continuous operation without user intervention, and zero risk of overcharging your battery.

Boost

Part No.	NOCO ref:	Photo	Description
VLC1082	GB40		A portable lithium-ion battery jump starter pack that delivers 1,000-amps for jump starting a dead battery in seconds. For petrol engines up to 6 litres, diesel engines up to 3 litres
VLC1083	GB50		An ultra-portable, lightweight and compact lithium-ion jump starter for 12V batteries. For petrol engines up to 7 litres, diesel engines up to 4.5 litres
VLC1084	GB70		Compact, yet powerful lithium jump starter rated at 2,000 amps up to 40 jump starts on a single charge. For petrol engines up to 8 litres, diesel engines up to 6 litres
VLC1085	GB150		Compact, yet powerful lithium jump starter rated at 3,000 amps up to 80 jump starts on a single charge. For petrol engines up to 9 litres, diesel engines up to 7 litres.
VLC1086	GB251		The most powerful lithium jump starters yet for 24V batteries. Designed for the largest, most challenging engine starts ever. With over 3000-amps of starting power, it can jump start petrol and diesel engines up to 32 litres.

Genius Completely automatic from start to finish, no technical knowledge required. Our most advanced battery chargers yet. It's a charger, maintainer, and desulfator, calculating the sulphate level and its impact, while being incredibly powerful and compact. Effortlessly charge multiple battery voltages (6V and 12V lead-acid and lithium-ion batteries) chemistries (Flooded, gel, maintenance-free and AGM batteries) and types (Starter, deep-cycle, marine, powersport and more).

Part No		Photo	Description
VLC1093	Genius 2		A 6V and 12V battery charger, battery maintainer, and battery desulfator Rated at 2 amps
VLC1094	Genius 5		A 6V and 12V battery charger, battery maintainer, and battery desulfator Rated at 5 amps
VLC1095	Genius 10		A 6V and 12V battery charger, battery maintainer, and battery desulfator Rated at 10 amps

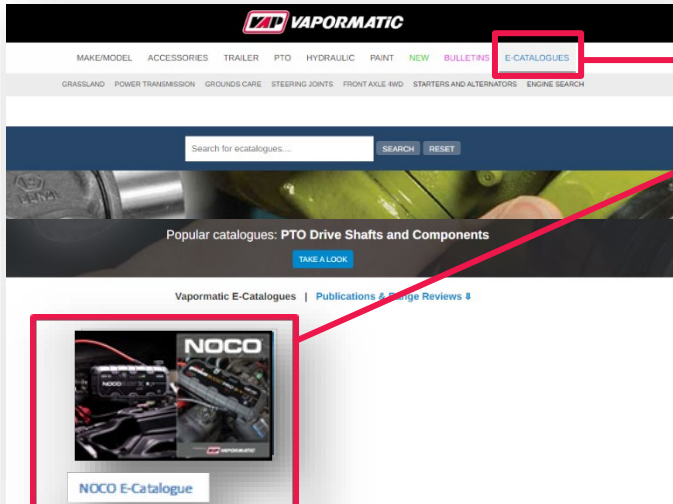

Genius PRO Professional battery chargers with more performance and more automation than ever before, pushing the limits of power efficiency for incredibly compact size and unprecedented power. A multi-functional design that allows you to charge in more ways. Suitable for **all types** of automotive, marine, and deep-cycle batteries.

Part No		Photo	Description
VLC1096	Genius PRO25		A 6V, 12V, and 24V fully-automatic professional smart charger, maintainer, power supply, and battery-desulfator with temperature compensation Rated at 25 amps
VLC1097	Genius PRO50		A 6V, 12V, and 24V fully-automatic professional smart charger, maintainer, power supply, and battery-desulfator with temperature compensation Rated at 50-amps
